

Call for posters

Let us know if you are conducting innovative research or are involved in service development in the field of MS. No matter how small, if it is current and relevant to the care of people with MS share your data with your colleagues.

The author(s) of the best overall poster, to be selected by a panel of impartial judges, will be invited to present the content of their poster during the conference closing session. After which the poster prize will be presented.

For poster guidelines and an application form please visit:

'MS & The Next Decade'

- 7th – 9th November 2010
- Chesford Grange, Kenilworth
- www.mstrust.org.uk/conference

The MS Trust Conference is a unique event for health and social care professionals working in the field of MS.

A great opportunity to further your professional development and to keep up with the research and clinical developments the next decade has in store.

Plenary lectures to include:

The past, present and future of MS services

Professor Alastair Compston, Consultant Neurologist, Addenbrooke's Hospital, Cambridge

Living with MS: the physical and cognitive impediments

Jeffrey Gingold, Author and MS Advocate, Milwaukee, USA

Oral drugs and implications for future services

Professor David Bates, Consultant Neurologist, Royal Victoria Infirmary, Newcastle upon Tyne

Debate the big issue:

A good life and a good death in MS - who decides?

Seminar topics to include:

- The effectiveness of core stability training
 - Communication of risk to patients
 - How to manage your manager
 - MS Rehabilitation and the credit crunch
 - Conducting research in health and social care settings
 - Wii-Habilitation
 - Social enterprises – are they the way of the future?
 - Cognitive Behavioural Therapy in your every day practice – top 10 tips
- The conference also dedicates a full morning specifically to the learning needs of therapists on complex case management, including:
- Positioning
 - Tissue viability
 - Swallowing, breathing and communication difficulties
 - Psychological issues around serious disability

Visit the MS Information Zone, where you will find practical support and information on a wide variety of topics, including:

- MS services available outside the NHS
- A research surgery
- Professional development information
